WHO WE ARE

At Tierras de los Andes, we are a Peruvian company specialising in authentic and sustainable tourism, founded with the mission to create unique and responsible travel experiences. We are passionate about showcasing the best of Peru and Latin America, integrating local communities into every itinerary so that our travellers connect deeply with the culture, nature and people that make this region special.

Our approach goes beyond traditional tourism: we work hand in hand with communities to promote local economic development, ensuring that the benefits of tourism reach those who preserve the cultural and natural heritage. In addition, our itineraries are designed with a deep respect for the environment, following sustainable tourism practices that protect biodiversity and foster a harmonious relationship with the environment.

At Tierras de los Andes, every trip is an opportunity to create meaningful connections and leave a positive footprint at each destination.

The magic of Peru

Dec 2023 • Solo

Treasures of Peru by Tierra de los Andes was an outstanding experience for traveling solo. They took care of every detail as if they knew my preferences. Every tour and every meal met my expectations, and overall the trip was perfect. From Lima, to my visit to Ica-Paracas-Huacachina, and of course, Cusco, Valle Sagrado, Machupicchu, Vinicunca and Ausangate, everything was a dream. I would like to thank Sharon, who was exceptionally professional and supportive at all times, from the planning of my trip go the moment I left the country. Also Miluska and the driver Luis were helpful when needed. I am deeply grateful with Tierra de los Andes and looking forward to returning to Peru!

Cusco- Puno: Spectacular...Magical

Oct 2023 • Couples

Tour Cusco-Puno 10d/9n:
Tierras de Los Andes was Tours Operator:

So many natural and archeological places to enjoy. Tierras de Los Andes Tours were well organized. Each tour movement was well orchestrated and surgically detailed. Transportation, hotel, all breakfast, various lunches, sites entries, all perfectly executed logistics. Just be prepared with preventive meds for altitude. Take it as soon you get Lima and for next three days, each 8 hours, and you will be ready for every adventure.
